UNDERSTANDING THE GUT MICROBIOME

Each pet has a unique microbiome – an ecosystem made of millions of bacteria and other microorganisms. Through extensive research, Hill's has found that nutrition that nourishes favourable bacteria can have significant digestive health benefits.

Hill's ActivBiome+ Technology

is a direct result of this research. It's a revolutionary blend of prebiotics that nourishes the microbiome for digestive health and well-being.

MICROBIOME NUTRITION THAT'S A STEP AHEAD FOR THEIR BEST LIFE
